MUNSOFT SOFTWARE RELEASE

MUNSOFT VERSION: 7.1.4

NOVEMBER 2018

DESCRIPTION

Munsoft version 7.1.4 focus mostly on general maintenance across all modules.

A few enhancements to reports and extracts have been made in an effort to streamline reporting even further.

As per usual there are a host of error fixes and enhancements included within this release as well and where client specific, the SYSAID would have been addressed, resolved and the resolution communicated directly.

RELEASE ITEMS

The following issues are addressed within the Munsoft 7.1.4 release.

CREDITORS – ENQUIRIES & REPORTS

Excel output option has been added to the Standard Expense Enquiry.

CONSUMER DEBTORS – REPORTS

- An enhancement has been made to the Meter Recon Report which added the ward and description to the Excel output.
- Enhancements has been made to the Annual Detailed Rates Recon report where the adjustments columns are added, showing you the total rates levied and total rates adjustments.
- An enhancement has been made to the Meter Route Report Reader's List which added the Tariff Code to the extract.
