

# DESCRIPTION

Enhancements to ensure accurate Cashflow reporting necessitated an interim release. A few other important items were included.

# **RELEASE ITEMS**

#### GENERAL

Quick Codes and Segment Strings have to be correctly set up with a valid Funding Segment to ensure that Cashflow Actuals are in line with the Budget. Please refer to 'Cashflow: Funding Enhancements' document for complete steps on the correct setup.

### **CONSUMER DEBTORS > GENERAL**

A third Control Item was added for Advance Payments, called 'Transferred to Revenue'. The 'Withdrawal' Item is used only when a credit on an account is reimbursed. If the credit remains on the account, the 'Transferred to Revenue' Item is used. The use of the 'Deposit' Item remains unchanged.

### **CREDITORS > CREDITOR INV – ADD/DELETE**

Enhancements have been made whereby only one user at a time can access and authorise an invoice.

#### NEW FIXED ASSETS > ROOM MOVEMENT

An option has been added which allows a user to move a specific asset between rooms.

### **REGISTERS > GRANTS**

A Quick Code can be created for Equitable Share Grants and receipting against the Grant is allowed. The Grant Receipt will reflect on the Grants Register Extract.
