MUNSOFT: V7.4.2 - PATCH RELEASE

MARCH 2022

Software Release

DESCRIPTION

As set out in the Munsoft Software Release Policy, there are times when a patch release may be required to address high impact issues. The patch releases are intended to bring stability and ensure the integrity of the Munsoft Software, but more importantly to the quality and integrity of our client's data.

The ability to apply patch releases also enables Munsoft to provide the necessary service levels to our clients as per the Munsoft Service Level Agreement.

Please find details below of items that were included in this release.
